## APPENDIX 2: NRHP STATUS CODES

This appendix explains the use of the codes that should be entered in the "NRHP Status Code" field in the header of the Primary Record when an evaluation of a historical resource is completed. The codes found here represent a short list of the most frequently used status determinations, selected from a more extensive list that is available from the OHP on request. Be sure to read the entire list before deciding which code to use. Take special care that evaluations for districts and their components fit together properly. Note that districts themselves are given "S" ratings, while contributors receive "D" ratings. Thus, a district judged eligible for the National Register is rated "3S," but the district's contributors are rated "3D."

### **The initial number in a code indicates the general status:**

1. Listed in the National Register.
2. Determined eligible for the National Register in a formal process involving federal agencies.
3. Appears eligible for listing in the National Register in the judgment of the person(s) completing or reviewing the form.
4. Might become eligible for listing.
5. Ineligible for the National Register but still of local interest.
6. None of the above.
7. Undetermined.

  - 4S. May become eligible for separate listing in the National Register when one of the following occurs (use the code for the most important reason if more than one applies):
